[REDACTED]

When passing by the Rangsdorf (N 53/Z 82) airfield on 23 January 1951 it was noticed that the installations of the former Buecker works were guarded by sentries wearing green service color. No aircraft were seen at the field. Two officers, who wore blue-bordered, silver epaulets, entered the city-railway to Berlin at the Rangsdorf railroad station. *

25X1A
* [REDACTED] Comment. The report indicates that the airfield is still not occupied by an air unit. According to previous observations, an aircraft engine repair shop is housed in the Buecker Works.
